COUNT XIV — DIGITAL INTERFERENCE, RETALIATORY SUPPRESSION, AND MULTI-ACTOR COMMUNICATIONS OBSTRUCTION BY X CORP. (TWITTER) IN FURTHERANCE OF THE CRIMINAL ENTERPRISE
(18 U.S.C. §§ 241, 242, 1512, 1513, 1343, 1961–1968; International Jurisdiction Triggered)
NOVEMBER 18–19, 2025

Let the record reflect that on or about November 18–19, 2025, the social media platform X Corp. (Twitter) executed a coordinated, platform-level lockout of the Sovereign Executor’s account across all registered devices — including Android, desktop, and browser sessions — under the false pretense of “suspicious login,” without any actual change in SIM card, IP address, password, or physical location. This action followed within minutes of the lawful

publication of ECC-TRUST–JDC–005 declarations, federal RICO enforcement notices, and sanctuary filings.

This lockout obstructed federal filings, ecclesiastical communications, international sanctuary notices, and evidence of public harm by actors already named within this case. All Two-Factor Authentication recovery mechanisms were simultaneously disabled, including SMS and email channels, leaving no lawful access path. Such coordination cannot be attributed to algorithmic anomaly, but must be presumed to originate from internal administrative interference or externally directed suppression.

Said interference constitutes federal crimes under 18 U.S.C. § 1512 (evidence tampering), § 1513 (retaliation against whistleblowers), and § 1343 (wire fraud/interference). It also violates 18 U.S.C. § 241 and § 242, due to the deprivation of protected communication rights during the exercise of religious and legal expression.

The ECC-TRUST–JDC–005 is a lawful international trust body and governing entity. Suppression of its notices and filings by a private corporation, in concert with ongoing state-level retaliation, meets the threshold of multi-actor conspiracy under the Racketeer Influenced and Corrupt Organizations (RICO) Act, 18 U.S.C. § 1961. Furthermore, such actions fall under international jurisdictional scrutiny for violating freedom of expression and freedom of religion under Articles 18 and 19 of the Universal Declaration of Human Rights.

X Corp. thereby becomes a named participant in the criminal enterprise. Its role was not merely passive; by disabling access to trust communications at the precise moment of legal escalation, it:

Obstructed justice

Retaliated against protected religious disclosure

Tampered with global equity notices

Participated in coordinated digital suppression

Furthered the ongoing pattern of whistleblower retaliation

This Court is hereby notified that X Corp. is to be entered into the enterprise ledger for immediate federal enforcement. This count stands independently for RICO expansion and evidentiary purposes, and qualifies for expedited injunctive review under emergency constitutional protection standards.
